FRANKLIN SAID NEAR A CENTURY AGO: "MY object is to call attention to the fact, that a Policy of Life Insurance is the Best and Safest Provision that a man can make for his family." All experience proves THAT THIS IS A FACT.

THE HOME is conducted on the mutual plan, in the best sense of the word. It divides the profits ANNUALLY, and applies the same *immediately* to pay the amount due on the annual premium.

THE HOME has an ample Cash Capital, securely invested under the laws of the State of New York for the protection of Policy Holders and has a Board of Directors of unimpeachable character, all of whom are Stock-Holders in the Company.

It offers a permanent loan to the assured of one-half of the annual premium, which loan is paid by the annual dividends, or deducted from the amount due under the Policy.

## EASTERN NEWS.

NEW YORK, Jan. 18th.—The *Times* Havana correspondence [illegible] says that [illegible] are unfavorable to the Imperial cause in Mexico. Engagements with varied success on either side have taken place. A [illegible] attempt to assassinate Maximilian's Secretary of War had been [illegible] [illegible] disgusting to carry the assassination into effect. A Court Martial at Jalapa had sentenced [illegible] guerillas to death. At this court martial had sentenced sixty of the mutinous Zouaves at Martinique to be shot, three others to [illegible] hard labor and several others to years of labor and imprisonment.

There is a rumor here to-day to the effect that the late outbreak on the Rio Grande was premeditated by a belief that some understanding had been reached between our Government and Maximilian, involving the withdrawal of the French troops and the quasi recognition of the Empire. The raid was made, says the report, to prevent any such result.

WASHINGTON, Jan. 18.—Letters from Brownsville to 7th, in the *Times*, say that Bagdad was captured on the morning of the 5th, the attacking party consisting of sixty men. They captured nearly 300 prisoners, half of whom turned out to be Liberals and formed the garrison of the town on the attacking party disappearing. The Liberals lost was four killed and eight wounded. The Imperialists lost 11 killed and 27 wounded. General Crawford and Escobeda, on the receipt of the intelligence, started for Bagdad. General Weitzel ordered Col. Hill, Assistant Revenue Officer, not to allow any one to cross until the arrival of General Escobeda. General Crawford arrived in advance of General Escobeda, and assumed the command, but when the latter arrived, General Crawford was compelled to relinquish all authority. Upon the assumption of the command General Escobeda requested of General Weitzel the use of 200 men to preserve order, which was agreed to. The men were ordered back. A French [illegible] visited the town on the 5th, all day without damage. Col. Mejia, Escobeda's Post Commander, has only about a dozen reliable men in Bagdad, the rest joined General Crawford who has them in a steamer tied up to the bank at Bagdad.

The *Herald's* Vera Cruz correspondent sends intelligence of a Republican success of an important character. Tolimen, the ancient capital of Mexico, a city of 12,000 inhabitants, was captured by the Juaristas, under Nunez and Maso. In the same, with all the Imperial troops at command, had started from the city of Mexico to attempt to retake it.

There is a rumor, apparently well founded, that a couple of valuable silver mines have fallen into the hands of the Liberals.

The fighting in the interior appears to have ended so far unfavorably for the Republicans, but all accounts unite on the point that the position of Maximilian was most critical.

The new French commander, Commodore Duleroté, had arrived at Vera Cruz, and proceeded to the city of Mexico to consult Marshal Bazaine on the subject of the existing relations between the United States, France and the Mexican Empire.

The latest advices state that he was preparing for active movements. President Johnson's message has been received in the city of Mexico with a feeling of relief that war was not to be immediately made upon the Imperial Government. Vera Cruz papers regard the outbreak of hostilities between the United States and France as inevitable, and only a question of time.

WASHINGTON, Jan. 18.—Bill providing for the reorganization of the regular army was, to-day, reported by the Military Committee, with the same amendment, and the Committee are unanimously in favor of the bill as it now stands. It provides that the army shall hereafter consist of five regiments of artillery, 5,000 men; twelve regiments of cavalry, 12,000 men; fifty-five regiments of infantry, 3,000 men; to be known as the Army of the United States. Section 2—Artillery to have the same organization as at present, five regiments. Section 3—Adds six regiments of cavalry to six now in service, with the same organization. Section 4—Fifty five infantry regiments of ten companies each now in service, and the remaining new regiments to be made into twenty seven by adding two companies to each battalion; ten regiments of colored men and eight of disabled men, or men discharged from disability. Volunteer officers appointed under this act to be apportioned among the States in proportion to the number of troops furnished during the war. Section 5—Prescribes the organization of infantry to be the same as the first regiments, but each company to have only sixty-eight privates. Sec. 7—Gives each regiment bands as formerly. Sec. 8—Enlistments hereafter to be made for four years, no officers to be appointed until the minimum of men are enlisted and companies organized. Sec. 9—Provides one Lieutenant-General, five Major Generals, ten Brigadier-Generals, with the same staff as formerly.

The *Herald's* special says, a case recently brought before the Treasury Department for decision of considerable interest to holders of certificates of indebtedness and other government securities. It was stolen from the mail and sold to a party in Boston, the blank filled by the holder who forwarded it to the Department a second time; both parties forwarding it had promptly notified the Department, and on its arrival each claimed it possession. The Department held that by neglecting to fill the blank, the first party lost possession, and awarded its payment to the Boston firm.

General Weitzel, in the name of his Government, protested against this barbarous treatment, and General Mejia responded that it was a matter in which Americans had no right to interfere, and that the execution of the decree must be proceeded with. To another letter of General Weitzel, in which, in accordance with General Sheridan's instructions, he informs General Mejia that many former escaped [illegible] with our officers [illegible] Mexican Republican [illegible] [illegible] The Imperial General [illegible] [illegible] [illegible] that all future [illegible] [illegible] campaign will [illegible] [illegible] General [illegible] and Crawford [illegible] another attack [illegible] [illegible] the Imperial [illegible] [illegible] in Texas for the Juarez cause, but they met with no success. ### True Source of Wealth

The relations which exist between the Pacific States and the rest of the country are [illegible] and yet easily understood. Our [illegible] intercourse with the outer world [illegible] conducted [illegible] a system which is well calculated to [illegible] does—impoverish these States. California is no better off in this regard than Oregon and Nevada. The thing to be complained of is that the [illegible] States produce little—almost nothing—for exportation or even for their own consumption. Gold indeed, is sent abroad in large quantities but what does this signify when we export nothing which will yield a return? No such thing as a balance of trade is known among us. We simply export the precious metals and what we receive in exchange we immediately consume. Thus the process continues of digging more gold and of consuming the commodities it purchases. Meantime, there is naturally but little increase of wealth among the people. Of what use is it to dig and send abroad vast sums of gold when what we receive for it is not added to the capital wealth of the country, but consumed at once that we may be enabled to dig more gold, with the necessity of again buying therewith what we must consume? It does not require much mathematical or financial skill to demonstrate that this process will never permanently enrich our State. The true sources of abiding wealth will be found in agriculture, in manufactures, in the building up of our own industries and in the development of the multifarious natural resources of the State. A gold mine is a source of no real wealth to a country when all its products are sent abroad to obtain means for working it.

What we want is to produce articles which will bring a cash price abroad. This will reverse the order of things and balance trade so that we shall enjoy a profitable commerce with the rest of the world. Instead of sending gold abroad and purchasing therewith what we are necessitated to consume, we shall produce largely for our own consumption, and also compel others to purchase of us. A proper diversity of pursuits—a suitable division of labor—is needed to promote the welfare of the State. Numberless channels of industry are open for the people. Manufactures, agriculture, the mechanic arts, invite attention, and until they receive it, real prosperity will not begin. That is not the richest country which contains the most gold, but that is the richest which produces the largest quantity of all things which gold represents and which it requires gold to buy. Even on the theory that money alone is wealth the country is poor. The cash we have does not belong to us, it is theirs to whom we are indebted for the articles which are manufactured and sold to us.

Until the current of trade is changed we can never get rich. It is idle to expect it. Our importations are large, we export little except gold. If this is to continue we shall find that our growth in the future will be no more rapid than in the past. All the interests of the State cry out for a general reform in the domestic economy, and the commercial system of the Pacific States.

**Thoroughly Converted.**—Ex-Governor Chas Clarke, of Mississippi, having been invited by letter from the House of Representatives of that State to take a seat within the bar of the House replied, among other things, as follows:

I should be proud of availing myself of the privilege of visiting the House, but as I am still a prisoner of State and on parole, I feel that it would be improper for me to deliver a public address on the condition of the country, although I am sure that such suggestions as I might make would be in aid and support of the wise and conservative policy which has been adopted by our people, and which I hope will soon result in the full restoration of our beloved State to the enjoyment of equal rights with her sister States in the Union and under the flag of the Union. With all of you I marched under that flag in a foreign land, and it was victorious. With all of you I marched against it, and it was victorious. It again waves over us, is again our flag, and may it ever be victorious.

**Canadian Immigration.**—Canadian immigration statistics are not a very pleasant subject of contemplation for our Canadian cotemporaries. The number of emigrants who arrived in Canada this year is 21,355, which is 2,208 more than last year; but of these 18,803 came over the border into the United States to settle, leaving less than 2,600 to be added to the population of Canada. The Toronto *Leader* remarks:

"This is a repetition of the old story. Our vessels bring the immigrant population of the Old World to our shores, but it leaves us just as soon as it comes. This is not a satisfactory state of affairs, but it cannot be mended, we suppose, so long as there is such a large and varied field for labor in the United States and every naturalized citizen is an earnest missionary in the immigration field."

**Indignant.**—One of the Victoria papers publishes a sensation leader, expressing the utmost indignation at the proposition to annex the Canadas to the United States. The article concludes as follows:

It is gratifying to know that this filibustering doctrine is repudiated in the warmest manner by the Canadian public. Not only considerations of patriotism and loyalty but of financial freedom and substantial prosperity render such a scheme as that proposed most obnoxious and repulsive to the vast majority of the people of Canada.

We are "gratified to know" that annexation is as "obnoxious and repulsive" to the people of the United States generally, as it is to the mongrel races of the Canadas. The disgust which the Victoria paper speaks of, we are glad to say is mutual.

**Improvements at Albany.**—The Albany *Journal* of the 26th ult, says:

"In defiance of wind and weather buildings continue to spring up in different parts of town showing a steady and permanent improvement which is to be seen in very few of the towns of the State. During the coming season there will be erected several large brick buildings along Second street."

**Mineral Lands.**—The Washington *Intelligencer* of a recent date says: Inquiries are frequently made as to whether auriferous lands can be purchased or located with any species of warrant or scrip issued under the authority of Congress. It is ascertained that no such lands are liable to disposal under existing laws.

The Jacksonville *Sentinel*, of the 30th ult. says that new discoveries in quartz are constantly being made in that region. "A general confidence is felt throughout the community that Jackson county will rival Boise and Owyhee in the richness of her silver mines."

**Vigilantes in Colorado.**—A letter dated Clear Creek, Colorado, Dec 1st says: There are Vigilantes here. Hank Buckner and four others were hung a few nights since."

Governor Meagher, of Montana has made urgent application to the Department at Washington to have troops stationed in that Territory. The object is to guard against Indian outbreaks in the Missouri, Yellowstone and Big Horn valleys.

The value of imports received at Victoria from Portland for the year 1865 is $181,160.

[illegible] Mrs Swisshelm [illegible] the type [illegible] the Washington *Weekly* [illegible] edit[illegible]:

[illegible] in preference to a new office, all mixed and pied, and filled with sand and cobwebs as it was [illegible] caused us some delay, and made the appearance of our paper less attractive than new type would have done, but our attention once [illegible] could not resist the desire [illegible] the furnace and pur[illegible] capital of this boasted [illegible] the coffle and the slave [illegible] reported speech [illegible] Fourth of July speeches side by side with [illegible] it must pro[illegible] runaway slaves [illegible] the fervent heat of the indignation of God and man until they have [illegible] Ichabod. There is a [illegible] justice in making this old type tell the world that God is faithful and true, that He heard [illegible] prayers of His saints, wrung out by it in agony when the [illegible] and soon to be lost were [illegible] for the Southern market. The cries of the oppressed did enter into the ears of the Lord of Sabbath and the year of the redeemed is come. Thank God! I hope I thank God that the slave is free and will soon [illegible] here in Washington [illegible] in every State of the Union, without bowing to his former master and saying [illegible] by your leave sir."

**The Port Neuf Stage Robbery.**—Our readers will remember the account which reached us last summer of the horrible murders of Port Neuf Canyon. The murderers it appears have at last been discovered. The Mountain *Post* of Dec 23d gives the following account of the apprehension and execution of one of the gang:

From Mr Reuben S Thomas, Agent of the Overland Stage Line, who arrived in this place this morning, we learn that an agent of the Montana Vigilance Committee—who has long been on the track of the perpetrators of the great robbing of the Overland Stage, at Port Neuf canyon, last summer—arrested one of the robbers, on the 21 inst on Cherry creek, Colorado, Frank Williams the driver who drove the stage into the ambush as his part of plot. Suspicion was fastened upon Williams from the fact of his having spent several thousand dollars in Salt Lake City, where it was known he had but little money coming to him from the Stage Company. He was closely watched, and followed to Godfrey's Station, between Denver and Julesburg and there arrested. Conscience smote, he fell insensible at the feet of his accuser. Recovering himself, he acknowledged his guilt, and made a full confession giving the names and whereabouts of his confederates—fifteen in number. Williams was hung on the 4th and the other members of the gang are being hotly pursued, and will no doubt be overtaken—perhaps the majority of whom, ere this, have expiated their villainy at the rope's end.

A late Baltimore paper contains, among many others, an advertisement as follows:

Mr Editor.—Any one knowing a young lady who was sold from Norfolk about sixteen years ago her name was Louisa Mosby. When last heard from she was sold to Dr Bald, in Michigan county, Georgia. Any information concerning her whereabouts will be thankfully received by her father, the Rev James Mosby, Norfolk, Va.

Here is an illustration of the beauties of the system which the "Democracy" would have us re-establish. To think that this iniquity was once sanctioned by the laws of several powerful States, is sufficient to put every person except a Copperhead to shame.

It is somewhat curious to notice, says the *Army and Navy Journal*, that the 1 inch plate iron 27 inches wide by 7 feet long, with which the casemates of the rebel ram *Stonewall* are plated, has the French trade mark of a rolling mill at Tours. Her guns and mahogany gun carriages are marked Sir Wm Armstrong & Co, Newcastle, upon Tyne England and the dials or indicators in the casemates, by which the motions of her machinery are regulated whilst the vessel is in action are marked in Danish. Although built in France she also has a pair of patent English anchor bits, which appear to be a very good pattern.

**Chicago, the Incomparable.**—During the year 1865 there were 9,000 buildings erected in Chicago, at a cost of $6,000,000, and an average cost of nearly $700. Six of them cost over $100,000 each, forty cost over $30,000 each, and eight hundred over $1,000 each. In the last five years Chicago has increased nearly 100,000 in population, her wealth and business in a still greater ratio. The true secret of her prosperity is the grand railway system of which her merchants have made her the centre whereby she has managed in ten years to quadruple the production and drain the trade of half a dozen of the best States and Territories in the Union.

A correspondent of the *Scientific American* says:

If you have a boat that leaks badly, and it is in a strong current, or if you are towing it up stream, all you have to do to keep it dry is this: Bore a hole through the bottom and insert a piece of tin or iron half round through the hole, letting it extend a few inches below the bottom of the boat and all the water will run out without any labor. I think a ship at sea could be kept afloat if you could keep her going four miles an hour.

A mountain of salt has been discovered about thirty miles west of Austin, Nevada, and north of the New Pass Station. The salt is found in veins varying in thickness, and it is pronounced by those who have seen it, quite pure.

It is rumored that the daughter of a prominent Confederate envoy to Europe who not long since was married to wealthy Frenchman, has left her husband and come back to her father.

**Throat Diseases.**—"We would call attention to Brown's Bronchial Troches. We have found them efficacious in allaying Irritation of the Throat and Bronchia, and would commend them to the attention of Public Speakers and others troubled with affections of the Throat. They are also an excellent remedy for hoarseness resulting from cold."—*Congregationalist Boston*.

**THE HIGHWAYMEN.**—Noticing the alarming increase of robberies the Stockton *Independent* suggests a plan for the remedy of the evil which is applicable [illegible] tions, and this is a good time to arrange for it. It proposes a Teamsters Association, with headquarters in some place conveniently located [illegible] Association to pay a monthly sum of, say two dollars and a half, to be used in the employment of twelve [illegible] detective officers that can be obtained. Another part of the fund should be set apart [illegible] conviction of the guilty party when [illegible] arrested. There are about one hundred and fifty teamsters, who, if they should all enter into the Association would raise a monthly fund [illegible] with outside contributions from merchants, express and stage companies, would in three months [illegible] $2,000 to $3,000. This would employ three or four detectives for two months, and at the end of that time the [illegible] combination could be [illegible] routed, "horse, foot and dragoons." [illegible] tion.

**THE GOOD TEMPLARS.**—Such is the magnitude of the order of Good Templars in this city that it has become necessary to establish three Divisions or Lodges, there being no room for more than one third of the members to meet at their hall at one time. The original Division, Multnomah Lodge No 12, has about 300 members. At the last stated meeting W. B. Carter was elected W. C. T. We are not informed as to the officers and membership of the several Divisions, but understand C. Lyon is chief officer of Crystal Lodge No 14. The third division was organized last evening. The order has been instrumental in accomplishing much good and by its purer, if conducted in harmony, may be the means of saving many who have started on the downgrade of life with the breaks thrown off. We should judge from the prosperity which seems to attend the order that soon they will be able to erect a hall adapted to their use as there is none in the city at present.

**AN [illegible] GONE.**—Yesterday, at the Jewish Synagogue in this city, Mr. Isaac Barman, of the firm of Barman Bros., took to himself a bride, Miss Fannie Rosenthal, and thus leaves the bachelor circle to assume the more responsible obligations of life. The interesting [illegible] were witnessed by a large number of friends of the parties. They were married by Rev. Dr. Burdes. A dinner was given in honor of the event at Messrs. Fisher & Kaiser's, and in the evening Turn Verein Hall was the scene of a social dance rarely excelled anywhere. We congratulate our friends on this union, and trust their course in life may be ever pleasant as sparkling and bright as the wine in which all hands of the Danube [illegible] who indulge in the beverage—drank to their health and prosperity.

**RECORDER'S COURT.**—There were few cases worthy of notice before Recorder Hoffman yesterday. The case of Mrs. McMayh, for violent and disorderly conduct while the tax payer was collecting delinquent school taxes and levying upon property to satisfy the same, was not finished. Wm. E. Hill, for disorderly and drunken conduct paid a fine of $15.

**ARREST OF AN UGLY CUSTOMER.**—Yesterday Franklin Brown, an Italian Sailor, was taken into custody by Policeman Ward after kicking up a frightful muss on Front street. He took possession of several places on [illegible] and acted very bad. Mr Ward had his hands full, until the arrival of Marshal Hoyt, when Brown was placed upon a dray and taken to the jail.

**RECIPE FOR WATER TREATMENT.**—A friend has furnished us the following. To keep dry inside and out eat salt salmon and wear rubber clothing. To procure a [illegible] both, join the 14th Infantry, be placed in the guard house for one day, after which the bath will be [illegible], in accordance with regulations.

**THE TELEGRAPH.**—The line is now working the entire [illegible] between here and San Francisco. Communication is also perfect from Vancouver to New Westminster. The line will be repaired this morning from East Portland to Vancouver.

**STEAMER ACTIVE.**—The steamer Active leaves for Victoria this morning at 7 o'clock. We learn that she will no longer appear here in the trade to Victoria but will run direct to San Francisco from Victoria.

NEW YORK, [illegible] A letter from Vera Cruz [illegible] the Emperor [illegible] [illegible] to pay with any regularity and [illegible] on that account [illegible] public service [illegible] this decree [illegible]

NEW ORLEANS, Jan. 21.—The commander of the French fleet has protested against the occupation of Bagdad by the United States troops, and [illegible] those who had been sent over to the protection [illegible] have been withdrawn. Many families are leaving Matamoras fearful of further [illegible]

**Freedmen's Savings and Trust Company.**

WASHINGTON, Jan. 25.—The National Freedmen's Savings and Trust Company, chartered by Congress in March 1865, have since then established [illegible] their different branches [illegible] over [illegible] of which [illegible] have been returned to freedmen for the purchase of homes [illegible] and other purposes. The company ask an amendment to the charter which will make the [illegible] depositories for such funds [illegible] as are held by the Treasury Department.

**Further Congressional.**

WASHINGTON, Jan. 25.—The Freedmen's Bureau bill passed the Senate without amendment. Ayes 37, noes 10. Conness of California said he should move a reconsideration. Trumbull of Illinois said the bill could still be amended in the House and if the latter [illegible] why the [illegible] ing the Sea Islands to the freedmen should [illegible] could be done by the House and sent back to the Senate.

The House spent the entire day in considering the proposed constitutional amendment and ended where it began in the morning.

The mania for speech making seems just as strong now as for having [illegible]

WASHINGTON, Jan. 26.—In the House to day [illegible] from the committee on elections reported that Alex. H. Coffroth has a *prima facie* right to his seat from the 16th District of Pennsylvania. Paine made a minority report to the effect that Wm. H. Koontz has a right to the seat. All three parties provide for taking testimony by each allowing sixty days for that purpose.

The House agreed to take a vote on the constitutional amendment fixing the basis of representation on Tuesday next, January 30th. The balance of the day in the House was consumed by speeches.

The ways and means committee have indefinitely postponed Secretary McCulloch's financial bill after striking out the foreign loan clause. It is probable that Chairman Morrill will introduce an entire new bill when the subject is brought up in the committee again.

CHICAGO, Jan. 26.—In the Senate to-day, Stewart of Nevada offered a memorial from the citizens of Colorado asking admission under the present Constitution. A funny imbroglio exists in Colorado. Governor Cummings has seized the seals of the territorial Secretary (Elbert) because the latter seeks to encourage the admission of Colorado as a State. Elbert is a son in law of ex Gov. Evans, United States Senator elect. Gov. Cummings has addressed to Congress a protest against the admission of Colorado as a State.

WASHINGTON, Jan. 26.—In the Senate, Howe, of Wisconsin called up a joint resolution providing for the appointment of Provisional Governors for the Southern States and made a speech upon the subject.

WASHINGTON, Jan. 26.—In the Senate, to-day Conness, of California, in accordance with the notice given yesterday moved a reconsideration of the vote on the bill to enlarge the powers of the Freedmen's Bureau. The bill has been sent to the House and he moved that the Secretary of the Senate be requested to withdraw it from that body. The motion was voted down, ayes, 18, noes 22.

Stewart, of Nevada, inquired of the House for what length of time he would hold the Southern States as territories. Howe replied that he would keep them in a territorial condition until a Congress composed of loyal men chose to admit them into the Union. Stewart said he held that the oppression of the Southern freedmen and loyal [illegible] was no reason for keeping the Southern States out of the Union, because Congress had full power to protect those people, and there is a bill now pending for this purpose. He was in favor of the measure, and he was in favor of the freedmen's bill passed yesterday. He would say to the Democrats, that they were retarding reconstruction by their opposition to such measures as that passed yesterday.

WASHINGTON, Jan. 24.—Senator Trumbull did not press action on the bill guaranteeing civil rights without distinction of color to-day because Senator Howe wanted the floor to reply to the speech made last week by Doolittle. It will be called up on Monday, January 29th. The discussion promises to be able, lengthy and interesting.

WASHINGTON, Jan. 24.—The Senate is not in session to-day. The House is in Committee of the whole hearing speeches. Colfax has gone north to lecture on the Pacific Railroad, and Washburn, of Illinois, is Speaker pro tem.

A bill will shortly be introduced into Congress, abolishing offices of naval officer of and surveyor of customs at all the ports. These are sinecures and their abolishment will save $200,000 per annum.

Generals commanding military departments in the South have been directed to issue stringent orders for the protection of freedmen against the negro vagrant laws passed by Southern Legislatures. In consequence of hostile legislation towards the freedmen, it is probable the Judiciary committee of the House will report a bill granting the right of suffrage to every negro in the land. Most of the members of the Committee are of the opinion that Congress can [illegible] under the second section of the amendment abolishing slavery.

**A Shrewd Trick.**

Police officer Stollgoss was on duty in Commerce street yesterday, when a man dressed in police uniform came and told him he had been detailed to arrest counterfeiters and that assistance would be required. Shortly afterwards the porter of the Greenwich Springs Bank came by with a box containing $30,000 in money, and was at once arrested. The bogus officer got the regular to take the man to the station house while he proceeded to headquarters and reported the arrest. This was done, the strange man then making his escape with the cash box and contents.

**For the Trial of Jeff. Davis.**

NEW YORK, Jan. 27.—Wm. Evarts has begun preparation for the trial of Jeff Davis, having been retained as Government counsel with a fee of one hundred thousand dollars. He is over hauling the records of treason trials since the days of the Stuarts.

**Holladay's Stage Line.**

DENVER, Jan. 27.—The Colorado Territorial Legislature has granted liberal charters to Ben Holladay. One is for a road through Middle Park, shortening the distance to San Francisco 200 miles, and the other for Holladay's Mail and Express Company.

**Southern "Reconstruction."**

NASHVILLE, Jan. 27.—Some time ago, Captain Sweetman was sent to Montgomery and Hickman counties to collect United States mules and horses [illegible] set was set upon by Bushwhackers and driven off. A squad of the Fifty eighth United States Regular cavalry was sent out to arrest them, and a report has reached the city that this squad had a fight with a guerrilla party in Hickman county during which one guerrilla was killed and three [illegible] were wounded.

**Important Mexican News.**

[illegible] from Mexico [illegible] the Liberal General [illegible] Martin [illegible] captured the town of Alamos.

Letters from Brownsville, Texas, give details of the Bagdad affair. The capturing party was composed [illegible] Mexicans and [illegible] who appeared [illegible] a piece of paper and [illegible] the capture [illegible] United States [illegible] was present at roll call the next morning.

Letters from the City of Mexico represent the [illegible] anxiety prevails there on account of the embarrassed condition of the Imperial finances and prospects of the Empire generally. The Government demands for money to carry on the Government are great, but the Treasury is empty and there are no available sources from which to replenish it.

**Fenian Rumors.**

CHICAGO, Jan. 28.—A while back a Fenian rumor was [illegible] from [illegible] Government has information [illegible] the public [illegible] Secretary [illegible] Brigade [illegible] will [illegible] Washington [illegible] appropriation [illegible] United States.

**The General Land Office.**

WASHINGTON, Jan. 28.—The Commissioner of the General Land Office has transmitted to the Governor of California two patents embracing nearly [illegible] 000 acres of land settled [illegible] in virtue of State warrants. The Secretary of the Interior has called a meeting of Directors and engineers of the Pacific Railroad for the 1st of February and another meeting in New York on February 7th, for the purpose of adopting a uniform standard of [illegible] which the several companies organized under the act of Congress shall conform.

**In Congress.**

WASHINGTON, Jan. 24.—In the Senate Grimes of Iowa offered a joint resolution tendering the thanks of Congress to Rear Admiral Farragut and the officers and men under him for gallant conduct in the engagement in Mobile Bay on the 5th of August 1864. Referred to the committee on naval affairs.

Sherman of Ohio offered a bill which was referred to the military committee authorizing the President to appoint, at the request of any college capable of educating 150 young men military officers to act as President or superintendent and instructors in military matters.

Sherman from the committee on public lands reported a bill to grant a million acres of public land for the use of public schools of the District of Columbia.

Wilson, of Massachusetts, called up the bill to restrict the amount of fees for the collection of soldiers claims to ten dollars.

Clark, of New Hampshire, offered an amendment which was adopted excepting cases in which the acting officer shall certify the services rendered to be worth more.

In the House, Julian, of Indiana, offered a resolution, which went over, in favoring that the people demand the trial of Jeff Davis for treason and his execution if found guilty.

Major General Sherman being in the hall a recess of five minutes was declared. The Speaker conducted him to the chair and introduced him in appropriate remarks to which General Sherman responded.

Washburn, of Illinois proposed three cheers which were enthusiastically given.

The debate on the Constitutional amendment was resumed.

Raymond, of New York, made a speech denying the positions heretofore assumed by Stevens and others, that the Southern States are out of the Union, and arguing that Congress is particularly restrained by the Constitution from doing anything to those States which we may not do to others.

In the Senate, Trumbull, of Illinois, called up the bill for the protection of all persons in their civil rights. Trumbull offered an amendment, to insert the following words after the enacting clause: that all persons of African descent born in the United States are declared to be citizens. He then addressed the Senate in favor of the bill.

WASHINGTON, Jan. 29.—The report of the United States Revenue Commission has been laid before Congress. It makes various recommendations, presents forms of bills in order to a better enforcement of the revenue laws and suggests various sources of revenue. The Commissioners also offered reports on taxing tea, coffee, cotton, sugar and molasses. The Secretary of the Treasury approves of all the recommendations with the exception of the time at which the payment of the principal of the public debt should commence.

H. Clapp & Co., paid by the Second National Bank, and two checks amounting to $4,800 on J. Hammett, paid by the Bank of Commerce.

NEW YORK, Jan. 27.—The Manchester, England, *Guardian* of January 12th says: In Liverpool, which has always been the great centre of the Fenians, the movement is progressing as vigorously as ever. ## THE STANDARD AMERICAN BILLIARD TABLES!

AND COMBINATION CUSHIONS

### MESSRS. PHELAN & COLLENDER

WOULD RESPECTFULLY CALL THE ATTENTION of persons wanting Billiard Tables to the great superiority of the above tables, manufactured exclusively at their establishment.

At the Billiard Congress of 1863, composed of all the first class players of America, it was unanimously resolved that tables of our manufacture should be used at all matches for the Championship, as the best and only reliable tables.

These Billiard Tables have received the unqualified approval of the best players and most competent judges, who have universally pronounced them unequalled for general excellence and durability.

Several distinct patents for improvements in Billiard Tables have been granted to us by the United States Patent Office, and we have lately obtained a Patent from the French Government for our improvement in Billiard Cushions.

We employ, in the construction of our tables, a variety of machines specially made for the purpose by means of which we are enabled to insure a scientific and mechanical accuracy hitherto unknown in Billiard manufacture.

Having a long experience and thorough knowledge of all the appliances of Billiards and constantly on hand a large stock of the best and most thoroughly seasoned materials, we are prepared to furnish everything required in the Billiard line with unprecedented dispatch.

The eminent French Billiard Player, M. Berger, has published the following opinion:

"New York, 21 August, 1861.

"On the eve of leaving the United States, I am happy to declare to all amateurs of Billiards that after a tour of eleven months through the principal cities, I have been enabled to judge in a satisfactory manner of the superiority of the Billiard Tables manufactured by Phelan & Collender. The system of manufacturing is so superior, that I am happy to introduce their style of cushion into France. They have united to their manufacture of American Billiard Tables that of the French Tables, of remarkable excellence and beauty. For these reasons, I am happy to make this declaration.

"BERGER, CLAUDIUS,
Prof. of Billiards, Paris."

Parties ordering from us will find our prices as low as good work can possibly be made for. We sell first-class articles at a fair price, and will not make an inferior article at any price.

Orders by mail carefully and promptly executed. Illustrated Catalogues and Price Lists sent by mail. The BILLIARD CUE, a journal published in the interest of Billiards and containing details of all novelties, a copious record of Billiard news and everything of interest to amateurs of Billiards sent free on application.

M. E HUGHES,

730 Montgomery St., San Francisco, Cal., is our only authorized Agent on the Pacific coast, to whom all orders should be addressed.

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs.
